Pre-Convention Trips

Come experience the awesome trips that will take you from the “Boogie down Bronx” to the upstate quaint town of Cooperstown, NY.

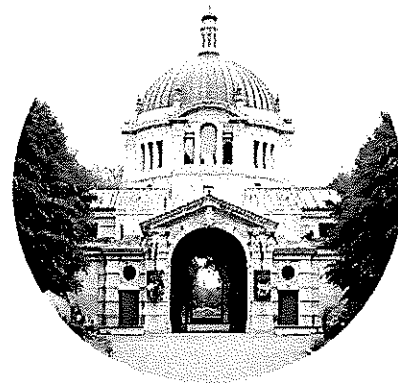

Pricing for these activities include all taxes, fees and gratuities and are per person. We are currently working on obtaining the best possible rates for these events, so stay tuned for the final trip dates, times and prices. We will determine what trips will be offered on what dates, once we are able to evaluate what each facility can offer on what date.

Please be mindful of the amount of walking and the length of each trip. It is important to be aware of what you think you can manage given the heat and humidity in NY in August.

If there is some place you want to go and we are not offering a trip, please reach out to us at the NHLBCC email address. We plan to have people available for rides to try and help everyone see everything they want to see.

Refunds for these activities will be provided only after we are able to fill your spot on the trip or we have residual funds once the Convention expenses are reconciled.

Bronx Zoo

<https://bronxzoo.com/>

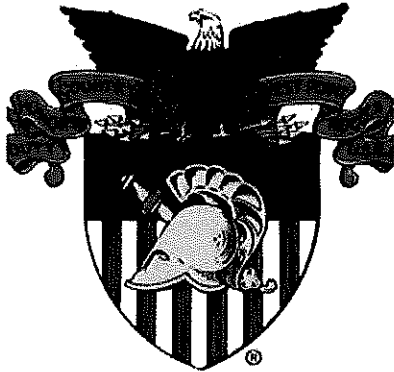

The Bronx Zoo, the Wildlife Conservation Society’s flagship park, opened on November 8, 1899. Since then, the zoo has created a unique window into the natural world for city dwellers in the heart of the Bronx and serves as a hub for conservation efforts across the entire planet. With more than 6,000 animals and 700 different species, the animals and exhibits at the Bronx Zoo span the globe. Scientists at the Bronx Zoo, are working to protect the future of all species and the places they call home. The 265 acre park has been showcased recently on the Animal Planet docuseries, THE ZOO, which has provided behind-the-scenes looks into our work like never before.

In order to provide the best experience, we will be offering two prices. One will include a 1 ½ hour guided tour, with the remainder of the Zoo on your own (includes General Admission ticket) or a total experience ticket which includes all the special exhibits and monorail.

The Zoo also rents wheelchairs and ECVs. The Zoo is BIG, so please consider it if you cannot walk a lot and want to have a good experience.

West Point

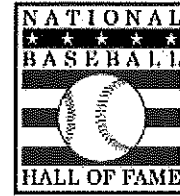

<https://westpoint.edu/>

The US Military Academy at West Point's mission is "to educate, train and inspire the Corps of Cadets so that each graduate is a commissioned leader of character committed to the values of Duty, Honor, and Country and prepared for a career of professional excellence and service to the Nation as an officer in the US Army". Cadets learn to live honorably, lead honorably, and demonstrate excellence by following through the Character, Academic, Physical, and Military programs.

Your guided tour will begin with an overview of the start of West Point as a military post during the Revolutionary War in 1778 through the modern times of the US Military Academy.

View breathtaking scenery from West Point which overlooks the Hudson River as it winds through the Hudson Highland. Historic figures such as George Washington, Thomas Jefferson, Douglas MacArthur, Dwight Eisenhower and even Benedict Arnold all have a role in the story of West Point and our nation. The tour makes stops at the Cadet Chapel, Trophy Point, Battle Monument and the Plain.

National Baseball Hall of Fame Cooperstown, NY

<https://baseballhall.org/>

The National Baseball Hall of Fame and Museum, surely the most well-known sports shrine in the world, continues to thrive in the town where baseball's pulse beats the strongest. The village is pure Americana, a one-stoplight town nestled between the Adirondacks and the Catskills in Central New York. It drew its name from the family of James Fenimore Cooper – whose father, William, founded the village – whose works of literature have become American standards.

By the last half of the 19th Century, baseball had become the National Pastime. The United States was a little more than 100 years old, and baseball had involved with the country.

The HOF collections contain more than 40,000 3-dimensional artifacts such as bats, balls, gloves and uniforms donated by players and fans who want to see history preserved. It also contains more than 250,000 photographs and images. The Museum curators use the artifacts, whose numbers grow by about 400 per year, to tell the story of the National Pastime.

Spend some time strolling down Main Street and perusing all the small shops, including the Cooperstown Bat Company.

9|11 Memorial & Museum

<https://www.911memorial.org>

The National September 11th Memorial is a tribute of remembrance and honor to the 2,977 people killed in the terror attacks of 9/11/01 at the WTC site, near Shanksville, PA. and at the Pentagon, as well as the 6 people killed in the WTC bombing on 2/26/93.

The Memorial's twin reflecting pools are each nearly an acre in size and feature the largest manmade waterfalls in North America. The pools sit within the footprints where the Twin Towers once stood. The name of every person who died in the 2001 and 1993 attacks are inscribed into bronze panels edging the Memorial pools, a powerful reminder of the largest loss of life resulting from a foreign attack on American soil and the greatest single loss of rescue personnel in American history.

Pub Crawl

Unfortunately, a micro-brewery tour became too difficult to maneuver with a big group since most of the local places are small, however we plan to bring in some local beers for everyone to sample. Instead, we will be dropping you off at Rory Dolans, an amazing Irish Restaurant and Pub on McLean Avenue in Yonkers. You have a choice of 9 bars within a quarter mile walk. You can either eat some traditional dishes like shepherd's pie at Rory Dolan's or enjoy some other NYC food from the many other area restaurants. Or, start the liquid refreshments right away! See our flyer on the website!

Escape Room

<https://www.thepuzzleparlour.com/white-plains/>

We have decided not to offer the puzzle parlor as a trip, but solicit people interested so we can organize an outing for a small handful of people.

Hudson River Cruise

<https://www.trinitycruises.com/>

Evenings on the Hudson River are a special time on this renovated US Coast Guard boat with a canopy covered open deck. Our Sunset Cruise is relaxing and it's a great way to share an amazing dinner and evening with friends who we call family.

As the sun slips behind the mountains you can enjoy the tranquility of the Hudson Highlands from the deck of the Evening Star. Come join us for a beautiful evening on the Hudson River!

Highlights of the cruise include:

- Jones Point
- Iona Island
- Bear Mountain
- Anthony's Nose

We are working on providing a NY-style catered meal, however this is still being planned. This tour is limited to 36 guests, so please sign up quickly if you are interested!

Westchester Broadway Theater 9 to 5 - The Musical

<https://www.broadwaytheatre.com>

The Westchester Broadway Theatre (WBT) is the longest running, year-round Equity theatre in the state of NY, with a 44-year history of over 200 main-stage productions and nearly 1,000 Monday/Tuesday special events and concerts. They strive to provide audiences with the highest production values and most memorable entertainment/dining experiences given the size and location.

WBT is the only theatre of its kind in Westchester where Broadway performers, directors and designers gather to create this level of Musical Theatre. Each show is produced exclusively for WBT and is approached similarly to a Broadway production: casting Broadway performers at auditions in NYC and engage a large group of creative staff.

Your ticket to see 9 to 5, The Musical, includes a 3 course meal (salad, your entrée of choice from their menu and coffee/tea and dessert) and the show. Additional appetizers and drinks can be purchased on your own from WBT the day of the show. Most performances usually run 2 1/4 to 2 3/4 hours with one intermission.

We will be offering you weekday performance which will begin at 1:00pm with food service beginning at 11:30.
