Dear Evelyn,

On behalf of Snider Hockey, thank you for the National Hockey League Booster Club Convention's contribution of \$1,500, which was received on October 4, 2018. This gift is particularly special to us in that it was made in honor of a great friend to Snider Hockey, Brad Marsh. As per Brad's wish, these funds will be designated in support of the major renovations we are conducting at the Penn Ice Rink at the Class of 1923 Arena. We are happy to report that this gift will be matched posthumously by our late founder, Ed Snider, in keeping with his desire to encourage others to join him in supporting the organization that bears his name.

Snider Hockey uses the sport of ice hockey, coupled with a rigorous off-ice life skills curriculum and supplemental educational services, to build character and academic skills for at-risk boys and girls from Philadelphia and Camden, NJ. We provide full equipment, ice time, and experienced coaching to more than 3,000 children, at no charge to them or their families. We teach kids respect for the game, responsibility, and integrity, while encouraging them to put these lessons to work in their academic lives and in the communities where they live.

With the help of exemplary partners such as NHLBCC, Snider Hockey is able to achieve its mission of *building lives and uniting communities*. Thank you!

Sincerely,

Scott Tharp
President/CEO

Much appreciated!
